

**Birding** ~ The list below has been compiled by Paul Adamus, PhD, Wetland Scientist and Ecologist and 2021 North American Breeding Bird Survey Coordinator for the State of Oregon. Paul is working on a 12-month survey for Santiam Valley Ranch and neighboring Widgeon Prairie, Duck Flat Flyway and Freedom Farm (family properties). This data will be released in 2022.

Until then, Paul has extracted bird observations from Duck Flat Road and Hunsaker Road that borders our properties. This information comes from eBird, the world's largest database of bird observations. The compilation below

represents 404 separate visits by 90 different birders since 1994-present. The 163 species are listed in taxonomic order along with the maximum count ever reported to eBird from a single visit.

Thank you, Paul, for sharing this with our fellow birders!
